INSTRUMENTAL

Can you see it?

The worst is over

The monsters in my head are scared of love

Fallen people listen up!

It's never too late to change our luck

So, don't let them steal your light

E eh eh eh

Don't let them break your stride

**There is light on the other side**

**And you'll see all the raindrops falling behind**

**It's a revolution**

**Make it out tonight**

**It's a revolution**

**It's a reva, rev**

**Can you see it?**

**The worst is over**

**The monsters in my head are scared of love**

**Fallen people listen up!**

**It's never too late to change our luck**

Don't let them break your stride

There is light on the other side

And you'll see all the raindrops falling behind

It's a revolution

Make it out tonight

It's a revolution

It's a reva, rev

Oh oh, ooo oh, oh oh oh

Oh oh, ooo oh, oh oh oh

Oh oh, ooo oh, oh oh oh

Oh oh, ooo oh, oh oh oh

Rev, rev, rev, rev
