The Power

Par VARIOUS ARTISTS

Album : Get On This !!! (Disc 1)

Storm, Earth and Fire, heed my call!

I am the son of the wind and rain,

Thunder beckons and I heed the call.

If I die upon this day,

In battle I will fall.

Hear me brothers gather up the wolves,

To battle, we will ride.

War drums echo the beating heart,

Pounding from inside.

STORM!

Black clouds fill the sky.

EARTH!

I hear my battle cry.

FIRE!

Thunder we'll bring forth...

DEATH!

From the power of the Horde...

Far Seer to the Warsong Clan,
To no man will I kneel.
Feel the power and the energy,
Born of black blood, honor, and steel.

I feel the fire burning in my veins,
Lightning strikes at my command.
By storm and earth, axe and fire,
We come to claim this land.

STORM!

Black clouds fill the sky.

EARTH!

I hear my battle cry.

FIRE!

Thunder we'll bring forth...

DEATH!

From the power of the Horde...

Yeeeeaaaahhhh!

Surrounded by the enemy,

The wolf among the hounds.

Thunder turns to silence it,

Took the hundred to bring me down.

Wolf brothers falling at my side,

With honor I will die.

Upon the Altar of the Storms,

I will be reborn.

STORM!

Black clouds fill the sky.

EARTH!

I hear my battle cry.

FIRE!

Thunder we'll bring forth...

DEATH!

From the power of the Horde...

STORM!

EARTH!

FIRE!

DEATH!

The power of the Horde...
