runt (Paused)

Par Voda Fuji

Album : runt

(Runts, runts, runts)

Yeah, huh

One to one

Every single garment and I'm sparkling like the sun

Smoke might fill the room and it won't clear until I'm done

LAX to CDG, I booked it over lunch

Second time this month, I'm with the dogs, I'm with the

Ha, I'm with the runts

Keep acting sweet, I'll put your boyfriend in a blunt

Gotta keep repenting all this evil in my cup

I slide with the fishies, told me that I'm serving cunt

Bitch, what the fuck?

Where you are, I know it's personal

Can't fuck with your bestie

She look like she off the methadone

Told you that I'd slide

But I can't lie love, it's not set in stone

Ha, a friendly foe is what I can't condone

Yeah (whoa), oh my

I can't focus, think I'm trippin' off my foresight

I told you that you were my world, oh, what a cold lie

Playin' it simple, she told me that we were soul-tied

I don't know what that means but okay, cool

Guess I'll make it work, uh

Beatin' up the ceiling, punch again until it hurt, uh

Fuck a rhyme or reason, all I know is blood and dirt

So call the clerk

Tell me what they owe me

Fuck a [?]

Bitch, stop actin' like you know me

Think I'll see you once and now you actin' like the old me

Won't tell you twice, fuck that path you work

That bitch lonely

It's one to one

Every single garment and I'm sparkling like the sun

Smoke might fill the room and it won't clear until I'm done

LAX to CDG, I booked it over lunch

Second time this month, I'm with the dogs, I'm with the

Runts, runts, runts, runts

Ha, I'm with the runts

He keep acting mad, I'll put your boyfriend in a blunt

Gotta keep repenting all this evil in my cup

I slide with the fishies, told me that I'm serving cunt
