Love Buzz

Par Vogue

Album : Disco Nights, Vol. 3

Saw you on the street today

Couldn't look the other way

Knew that we could run and play

If you would only look my way

Love Buzz, flying me high on the love buzz

Love Star, you took my heart away

Saw you on the street today

Couldn't look the other way

Knew that we could run and play

If you would only look my way

Love Buzz, flying me high on the love buzz

Love Star, you took my heart away

Love Buzz, flying me high on the love buzz

Love Star, you took my heart away

Saw you on the street today

Couldn't look the other way

Knew that we could run and play

If you would only look my way

Love Buzz, flying me high on the love buzz

Love Star, you took my heart away

Love Buzz, flying me high on the love buzz

Love Star, you took my heart away
