In Your Mouth

Par \$WAGGOT

Album : a bad nap.

Why are you playing games with me?

Why are you torturing me, baby?

You're holding back affection lately

Got me going a little crazier

Than I already am

Losing my mind over a man

Not a cute look aware I am

Addicted to the way you suck

I just wanna feel your tongue

In my lungs

Make me numb, make me

I just wanna feel your tongue

In my lungs

Make me numb, make me

I just wanna feel your tongue

In my lungs

Make me numb, make me

I just wanna feel your tongue

In my lungs

Make me numb

Make me cum

You let me in

Then you spit me out

I don't know what

To do with myself

Not kissing you

Is killing me

I just want

Back in your mouth

You let me in

Then you spit me out

I don't know what

To do with myself

Not kissing you

Is killing me

I just want

Back in your mouth

In your mouth

I just want

Back in your mouth

In your mouth

(It's Spatial Manufacture, bitch)

You want me to think

That I might have you

'Cause I'll stay right here

As long as I do

I'm at your mercy

'Cause you know the truth

So speak up, baby

Tell me what to do

You let me in

Then you spit me out

I don't know what

To do with myself

Not kissing you

Is killing me

I just want

Back in your mouth

You let me in

Then you spit me out

I don't know what

To do with myself

Not kissing you

Is killing me

I just want

Back in your mouth
