The Manimal

Par W.A.S.P.

Album : Live ... In The Raw (SE Live)

Oh, whoa no I can't continue if you lie

The heat that's flowin' thru' my veins

Release your lover's cry

Cos I-I just saw the devil in diguise

The will is strong, the flesh is weak

You see it in my eyes

Call me-me the Manimal

That's what-what I am

Call me-me the Manimal

Half beast half man

Call me-me the Manimal

That's what-what I am

Call me-me the Manimal,

Half beast half man

Oh, whoa no temptation's fever's burnin' deep

My hands will sweat, my lips will scream

I take just what I need

Cos I-I wanna run my hands on you

My soul's alive, I feel the drive

The sweetmeat's where I feed

Call me-me the Manimal

That's what-what I am

Call me-me the Manimal

Half beast half man

Call me-me the Manimal

That's what-what I am

Call me-me the Manimal

Half beast half man

Call of the wild I'm a lunatic child

I wait in the bush, I watch you and smile

Dinner's at eight, I can't hardly wait

I'll eat you alive, baby don't you be late

Call me-me the Manimal

That's what-what I am

Call me-me the Manimal

Half beast half man

Call me-me the Manimal

That's what-what I am

Call me-me the Manimal

Half beast half man
