That's My Name

Par WC

Album : Westside Heavy Hitter

All the time I thought about you

I saw your eyes and they were so blue

I could read there just one name

My name, my name, my name

Because of you I'm flying higher

You give me love, you set a fire

You keep me warm when you call my name

That's my name, that's my name, that's my name

And you are the one that lights the fire

I am the one who takes you higher

I love your voice when you say my name

That's my name, that's my name, that's my name

It's my name, it's my name, it's my name

All the time I thought about you

I saw your eyes and they were so blue

I could read there just one name

My name, my name, my name

Because of you I'm flying higher

You give me love, you set a fire

You keep me warm when you call my name

That's my name, that's my name, that's my name

And you are the one that lights the fire

I am the one who takes you higher

I love your voice when you say my name

That's my name, that's my name, that's my name
