# That's My Name

Par WC

*Album : Westside Heavy Hitter*

All the time I thought about you

I saw your eyes and they were so blue

I could read there just one name

My name, my name, my name

Because of you I'm flying higher

You give me love, you set a fire

You keep me warm when you call my name

That's my name, that's my name, that's my name

**And you are the one that lights the fire**

**I am the one who takes you higher**

**I love your voice when you say my name**

**That's my name, that's my name, that's my name**

It's my name, it's my name, it's my name

**All the time I thought about you**

**I saw your eyes and they were so blue**

**I could read there just one name**

**My name, my name, my name**

**Because of you I'm flying higher**

**You give me love, you set a fire**

**You keep me warm when you call my name**

**That's my name, that's my name, that's my name**

**And you are the one that lights the fire**

I am the one who takes you higher

I love your voice when you say my name

That's my name, that's my name, that's my name
