Magical Trevor

Par Weebl

Album : Unknown Album

Everyone loves Magical Trevor

'Cause the tricks that he does are ever so clever

Look at him now, disappearin' the cow

Where is the cow hidden right now?

Taking a bow, it's Magical Trevor

Everybody's seen that the trick is clever

Look at him there with his leathery, leathery whip!

It's made of magic, and with a little flick

Yeah, yeah, yeah, the cow is back

Yeah, yeah, yeah, the cow is back

Back, back, back from his magical journey

Yeah, yeah, yeah, the cow is back

Yeah, yeah, yeah, the cow is back

Back, back, back from his magical journey

What did he see

In the parallel dimension?

He saw beans, lots of beans, lots of beans, lots of beans.

Oh, beans lots of beans lots of beans lots of beans.

Yeah, yeah!
