Sweet Surrender [Short Version]

Par Wet Wet Wet

Album : More 80 From The 80s [Disc 4]

(Nobody close to me

move a little close to me, close to me)

Hey lil' fella', get you're show together

I was listening before, now I don't care no more

Look around now (look around now)

It's always that is gonna get me down

It's only begun...

One look, is all it took

Uhhh I remember, that sweet surrender

I recall, do you

That sweet surrender

Sweet surrender

My determination

Came a creepin' across the nation

A sure mistake for any one

So you can take home everyone

Cos it's only just begun

One look, is all it took

Uhhh to remember, that sweet surrender

And I recall, do you

That sweet surrender

I don't know, I don't care

Cos I'm living without you baby

And even when I know what's going on, yeah

All it took...

One look, one glance

Uhhh you set my heart, set for romance

Do you believe, my sweet

Surrender

My sweet surrender

Listen

Hey lil' fella', now your show's together

I never wanted you to listen before

So why should I walk out of the door

Stick around now (stick around now)

And so the story goes on through the night

It's only begun...

One look, is all it took

Uhhh I remember, that sweet surrender

Do you recall, cos I'll do

My sweet surrender

I don't know, I don't care

Cos I'm living without you baby

Even when I know what's goooing on, yeah

All it takes...

One look, one glance

Uhhh to set my heaaart for romance

One look is all it took

My sweet surrender

My sweet surrender

One look

is all it took

to remember

to remember

Listen

(I don't know, I don't care)

Oh no no no no no no

FADING

(I don't know, I don't care)

My sweet surrender
