Handshake Drugs

Par Wilco

Album : Ghost Is Born

I was chewin' gum for something to do

The blinds were being pulled down on the dew

Inside, out of love, what a laugh

I was looking for you

Saxophones started blowing me down

I was buried in sound

Taxicabs were driving me around

To the handshake drugs I bought downtown

To the handshake drugs I bought downtown

They were translated poorly, I felt like a clown

I looked like someone I used to know

I felt alright

And if I ever was myself

I wasn't that night

Oh it's okay for you to say

What you want from me

I believe that's the only

Way for me to be, exactly

What you want me to be

Oh it's okay for you to say

What you want from me

I believe that's the only

Way for me to be

Exactly what you want me to be

Oh I was chewin' gum for something to do

The blinds were being pulled down on the dew

Inside, out of love, what a laugh

I was looking for you

Saxophones started blowin' me down

I was buried in sound

The taxicabs were driving me around

To the handshake drugs I bought downtown

To the handshake drugs I bought downtown

Oh it's okay for you to say

What you want from me

I believe that's the only

Way for me to be

Exactly what do you want me to be?

Exactly what do you want me to be?

Felt like a clown

They were translating poorly

I looked like someone

I used to know

And if I ever was myself,

I wasn't that night

Exactly what do you want me to be?

Exactly what do you want me to be?
