We Are Murderers (We All)

Par Xandria

Album : Theater Of Dimensions (Limited Edition) CD1

We are murderers

We are murderers

We are murderers

We are murderers

Sing bitter sermons with your name

All the evil to be blame

Save your soul still wanting more

From this glittering life's store

There is something in your mind

Telling you that it's no crime

As long as we go to confession

We are murderers

We are, we are, we all

We are murderers

We are, we are, we all

Bleed our sacred gods and weep

Evolution into sheep

Living in euphoric sleep

All the toys we so much need

We are playing in our ground

With a solid fence around

So our eyes can't see the horror

We are murderers

We are, we are, we all

We are murderers

We are, we are, we all

We are murderers

We are, we are, we all

We are murderers

We are, we are, we all

We are, we are

The rulers of a burning world

We are, we are

The angels drowning deep into it's

Blood

We are murderers (we are, we are)

We are murderers (we are, we are)

We are murderers (we are, we are)

We are murderers (we are, we are)

We are murderers (we are, we are)

We are, we are, we all

We are murderers (we are, we are)

We are, we are, we all

We are murderers (we are, we are)

We are, we are, we all

We are murderers (we are, we are)

We are, we are, we all

We are, we are

The rulers of a burning world

We are, we are

The angels drowning deep into it's

We are the ones

Turning all the led our gold

There is no chance

No chance of washing

All this blood away

This blood

This blood
