# Hang On To The Night

Par XTC

*Album : Beeswax - Some B-Sides 1977-1982*

When we're laying in bed

And we're laying in love

You and the blackness

Fit me like a velvet glove

That's why I go crazy

When you flick on your lamp

I'm dreaming

**Hang on to the night**

**Hang on to the night**

**Hang on to the night**

I don't want to see

That dawn light

Burn your window

When we're feeling drunk

In a city park

Put away that torch

I'm changed in the dark
