Dead Don't Sleep

Par Yes Ma'am

Album : How Many People How Many Dogs

Down by the levee this soul I gave

Above the ground where they lay the graves

Goliath beat rings through the streets

Where the dead don't sleep

Lives in the shadows on the Maine

Plays where the crazy go insane

Down a hole and falls too deep

Where the dead don't sleep

Although there's nowhere I'd rather be

Back in New Orleans

Where the body crawl, it's everyday

For the carnival, there's a price to pay

Devil walks and the lovers cheat

Where the dead don't sleep

Last hop down at the end of the world

Creole queen, a forgiving girl

Walk into your second line

One more and I'll be fine

Although there's nowhere I'd rather be

Back in New Orleans

It's come to my attention that all my friends are dead

Constant demons surround my bed

Hard to tell if I'm dead or alive

One more drink to ease my mind

Although there's nowhere I'd rather be

Back in New Orleans
