Feel Up

Par YG

Album : YG Songs

Boy, you went crazy, you must've went out of your mind

Don't hit me a week, and then say can you come get me a line?

When we're together you never tell me how you feel

And lately I've been looking for something that's real

You should just feel up

Touchin' on me like it's real love

Baby, come on and just feel up, oh-oh-oh

Make me feel like this is real love

Feelin' on that, feelin' on that, feelin' on that, fool

Give a bad bitch a baby, ayy, it's a booby

Trap, ooh, she in a two-piece, it's a movie

How you show her real love? Fuck in the jacuzzi

I be showing real love, I'm nice to Mama

And daddy don't approve, but he know I got them commas

He told me "Look son, just keep out the drama"

I said "Okay pops"

Lyin', wearing Prada

I swear to God I'm that nigga, she that bitch

I swear to God she skinny, but I hit it like she thick

I'm crazy for her so she with all the crazy shit

She always under me, she a down ass bitch

Feel up

Touchin' on me like it's real love

Baby, come on and just feel up, oh-oh-oh

Make me feel like this is real love, real love

How you gon' hate on my girlfriends and think I don't know?

Then hit me and say, "Can I get VIP to the show?" (VIP to the show)

We used to stay up all night talking, now I just don't know (I just don't know)

Now you been turning your back on me, got me so cold

You should just feel up

Touchin' on me like it's real love

Baby, come on and just feel up, oh-oh-oh

Make me feel like this is real love, real love

Real love, real love, real love, real love

Real love
